

**Amendments To The Drawings:**

Replacement figures, including the desired reference number changes, are being filed herewith. These drawings complying with §1.84.

The attached sheets of drawings include changes to figures 5 and 6. Figure 5 has been amended to delete reference numeral 31 which refers to the proximal end of balloon 28 and replacement it with reference numeral 26 in accordance with the description of figure 5 found on page 6, beginning at line 29 and ending at the top of page 7. Also, reference numeral 31 has been used to refer to the inflation lumen as described at page 6, lines 29-31.

Also, figure 6 has been amended in accordance with the specification, page 7, lines 4-7. Reference numeral 26, referring to the balloon, has been deleted and replaced with reference numeral 28 which now makes the drawing consistent with the description.

**Remarks**

Figures 5 and 6 have been amended to conform the reference numerals to the description as described above. Reference numeral 31, referring to the proximal end of the balloon, has been replaced with reference numeral 26. A reference numeral 31 has also been added to properly refer to the inflation lumen, described on page 6, lines 29-31 of the specification.

In figure 6, the reference numeral 26, referring to the balloon, has been deleted and reference numeral 28 has been added in accordance with the description of figure 6 found on page 7, lines 4-7.

Also, the balloon 28, inner shaft 36 and outer shaft 24, have been represented with double lines, rather than single lines, to correctly illustrate that these components have wall thicknesses as is known in the art.

These amendments are made in accordance with 37 CFR §1.312 to correct clerical errors in the drawings. No new matter has been added.
